Hi Jo Ann,

As of now, we are at a burn rate of [REDACTED] CBI/Ex. 4 per day and increasing.

Is there a specific format that you would like this information to be submitted each day?

Hi,

We are including a requirement to report costs on a daily basis, like what we have done for hurricanes. Do you have a daily burn rate? thanks

Good morning Jo Ann. We are at \$150,000 on the \$200,000 funding ceiling on the Gold King Mine spill response task order. Also, we are holding POs for more equipment that will be needed that exceed the current ceiling. Will we be receiving additional funding soon?
